Dr. Gosalia was wonderful. He explained everything thoroughly. I appreciate the time he spent with me and I never felt rushed.

Did you know that audiologists complete an undergraduate degree and then complete a 4-year doctorate degree to become an audiologist? The first 3 years are didactic, on-campus learning with off-site internships beginning in the 2nd year, culminating in a full 4th year externship/residency in the field.

At West Valley Hearing Center, both Dr. Rosner and Dr. Gosalia have Doctorates in Audiology, and Lizette is our 4th year Audiology Resident! If your patients complain of hearing issues and/or tinnitus, call us at (818) 222-9451 to schedule their evaluation.
